

Argentina: Overflight Permits Now Required

Key Points

- **Effective March 13, all foreign aircraft now need an overflight permit when transiting Argentinian airspace.**
- **There's been no change to landing permit requirements: private flights don't need one, all other flights do (including tech stops).**
- **AI is still not great at making images with planes or handshakes in them ☹️**

AIP SUP 32/2024 has been published with all the new requirements – but here's a quick summary of what you need to know.

Airspace Affected

This change applies to **all Argentinian airspace**, namely the:

- SAVF/Comodoro Rivadavia FIR
- SAEF/Ezeiza FIR
- SACF/Cordoba FIR
- SARR/Resistencia FIR
- SAMF/Mendoza FIR

How to apply

You'll need to provide at least **72 hours'** notice.

Send your application to the National Administration of Civil Aviation (ANAC)'s AFTN address SABAYAYX, and via email to ovf@anac.gob.ar (also cc. in interaerodromosbis@gmail.com). For emails, use the subject line 'Application for Overflying the Argentine Territory.'

If you need to give ANAC a call, you can also reach them on +54 11 5941 3000.

Private operators will need to provide copies of two documents:

- **Certificate of airworthiness**
- **Proof of insurance**

Commercial operators also need to provide an air operator certificate.

Important: It may sound obvious, but they are quite specific about it. Don't assume you have been granted a permit until you have specifically heard back from them.

Exemptions to the 72-hour rule

You can only get around this if you are operating an **essential flight**. This basically means SAR, humanitarian, air ambulance or firefighting ops.

What about landing permits?

Nothing has changed! Private flights don't need one – but make sure you include your company name, physical address and contact info (tel, email, AFTN etc) in the RMKS section of your flight plans.

All other flights (including tech stops) must obtain one.

Need help with other permits?

OPSGROUP members have access to the Permit Helper, found under 'Apps' in your Member's Dashboard. Just search for the country you are planning to visit to see current overflight and landing permit requirements.

Permits

Who needs a permit?	OVERFLIGHT	LANDING
Private	REQUIRED	NOT REQUIRED
Commercial	REQUIRED	REQUIRED

Getting a permit:

For overflights, email your request direct to the authorities at ovf@anac.gob.ar giving 72hrs notice. For landing permits, it's easier to get it through your local handler. Normal lead time is 2 days. For private flights, no landing permit is required but ensure you put the following information in the RMK section of your Flight Plan: - Company Name - Physical Address - Contact Information (tel, email, AFTN).
