

# China-Taiwan M503 Airway Dispute

David Mumford

15 April, 2024

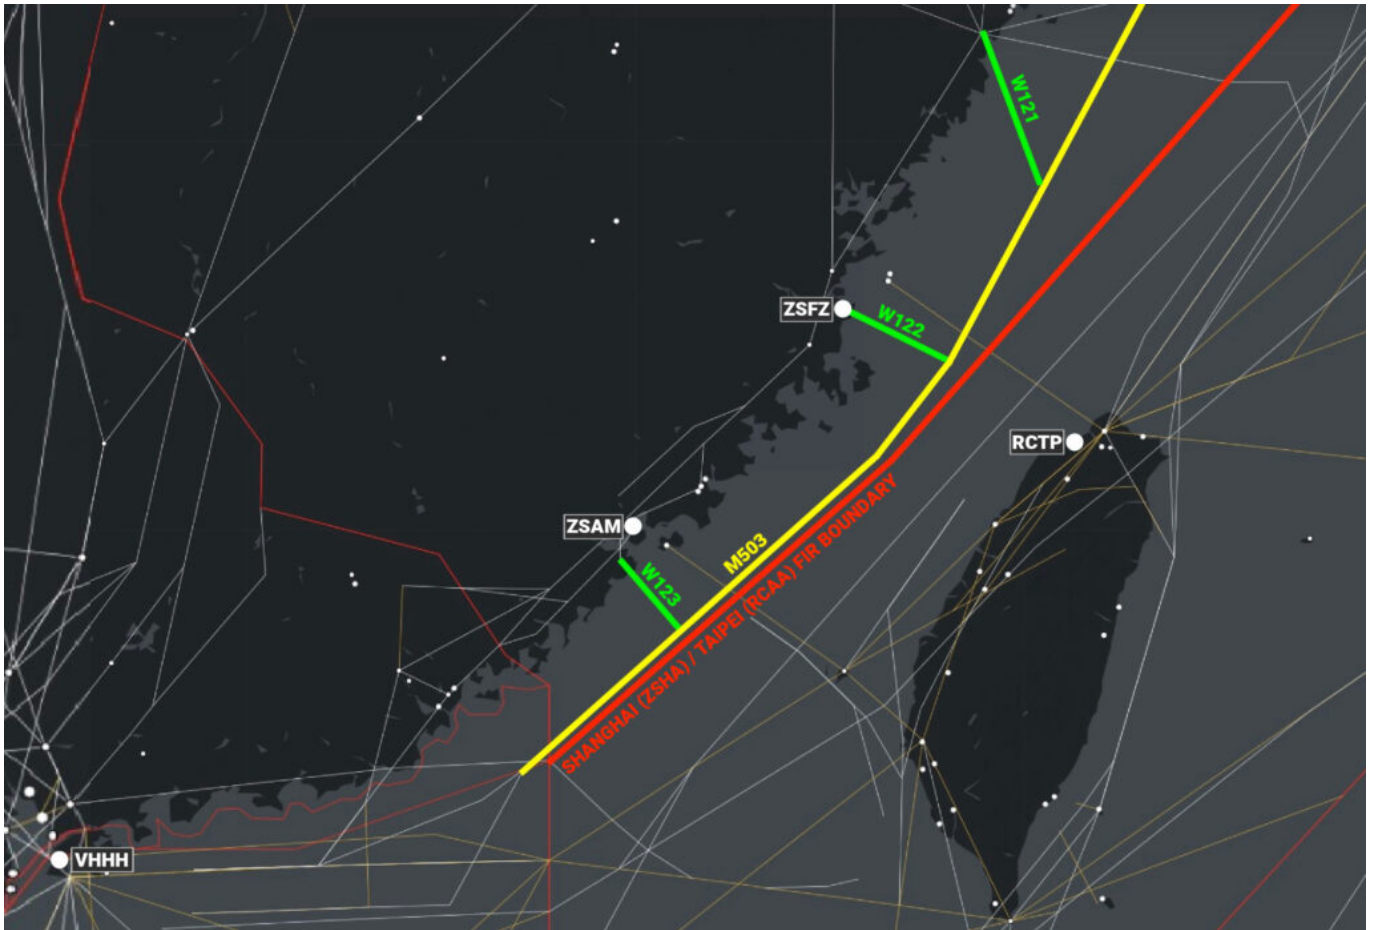

China has cancelled all concessions previously made to Taiwan regarding the **M503 airway** that runs along the ZSHA/Shanghai and RCAA/Taipei FIR boundary.

**What does this mean in practice?**

- **China have moved the airway 6nm back towards the FIR boundary.**
- **They have started allowing eastbound flights on the the W122 and W123 connecting routes.**

So now, of all these routes, the only one that is not bi-directional is W121 (westbound only).

**Taiwan aren't happy, same argument as before:** they say the airway is too close to existing routes that serve airports in outlying groups of Taiwan-controlled islands, and thus poses a risk to safety. China have ignored them.

### **Can I use M503?**

China only allow airway M503 to be used under certain conditions:

- 1. Aircraft must be RNAV2 capable.**
- 2. The flight must be going between VHHH/Hong Kong or VMMC/Macau and certain Chinese airports: ZSPD/Shanghai Pudong, ZSQD/Qingdao, ZSYT/Yantai, ZYTL/Dalian.**

Everything else transiting east-west across this region will need to use the congested parallel A470 airway along the southeastern coast of mainland China.
