**OAZZ/Afghanistan** Security reminder from Kabul: serious threats to safety and security exist in the city of Kabul and throughout Afghanistan. The threat of kidnapping is high. The potential also exists for protests to occur in Afghan cities at short notice. Militant groups usually plan attacks against locations and individuals with potential American connections, including: Afghan and U.S. government facilities, foreign embassies, military installations, commercial entities, non-governmental organization offices, restaurants, hotels, airports, and educational centers. Travel to all areas of Afghanistan remains unsafe due to the ongoing risk of kidnapping, hostage taking, military combat operations, landmines, banditry, armed rivalry between political and tribal groups, militant attacks, direct and indirect fire, suicide bombings, and insurgent attacks, including attacks using vehicle-borne or other improvised explosive devices.

**HAAB/Addis Ababa** There are reports of anti-government protests taking place on the outskirts of Addis Ababa on Oct 4th. Unconfirmed reports indicate that protesters are attacking government property in the Akaki, Alem Gena, Burayu, Sebeta, Keta and Ayer Tena areas and that police officers have been deployed to the affected locations. Meanwhile, in the city center, shops have reportedly closed and there have been isolated reports of gunfire. Transportation to and from the affected areas has shut down.
