# NAT Pack 2026: All the North Atlantic goodies

David Mumford
29 September, 2026

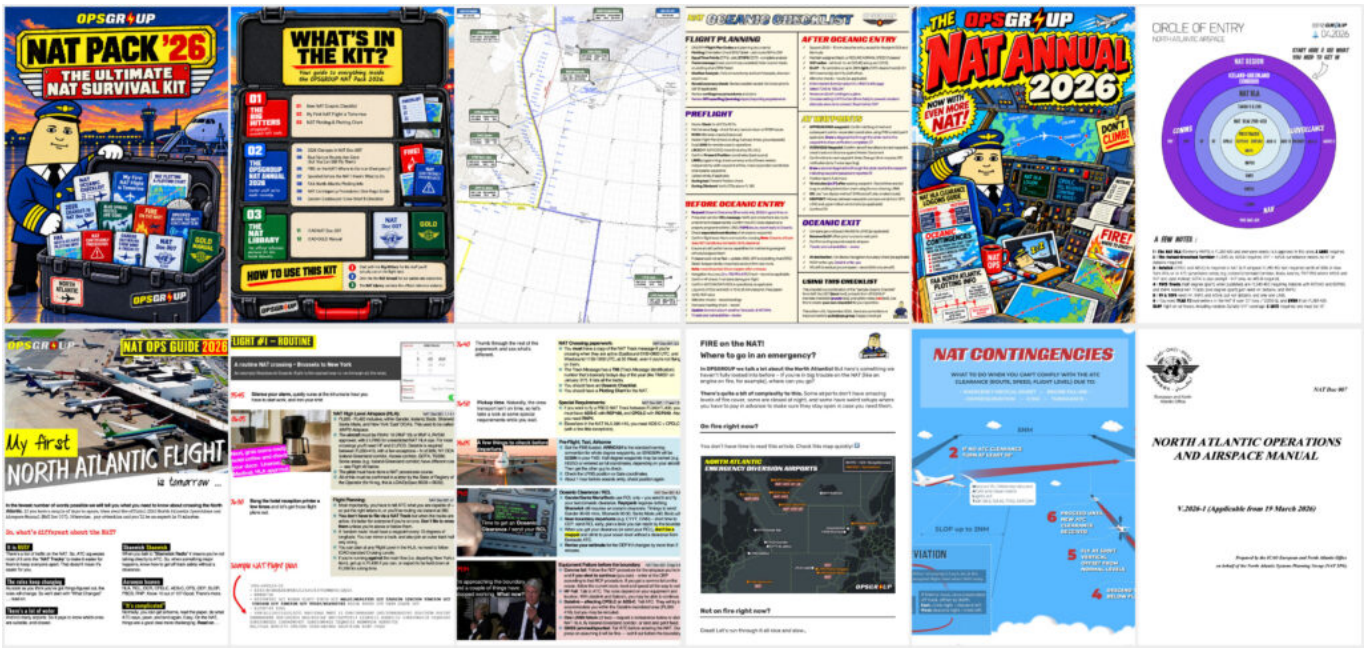

**The new OPGROUP NAT Pack 2026 is now available!** This is a big bumper combo pack with all the North Atlantic goodies you will need for a successful crossing!

### What's inside?

All of the below!

**1. NAT Oceanic Checklist:** A combination of NAT Doc 007 guidance, member additions, and safety guidance from OPSGROUP. Valid September 2026.

**2. NAT Plotting Chart:** This is a Hi-Res North Atlantic Plotting and Planning Chart in PDF format showing North Atlantic Oceanic Airspace, Shanwick, Gander, Reykjavik, Bodø, New York, Santa Maria, and adjoining domestic airspace, with easy-to-read NAT Tips, Airspace requirements, Emergency procedures, and much more! Updated June 2026, with updated Iceland-Greenland corridor, VHF routes, BIRD ADS-B requirements, removal of Blue Spruce routes, Greenland alternates, additional diversion airports.

**3. "My first NAT flight is tomorrow" NAT Guide 2026/27:** This NAT Ops Guidebook covers (we hope!) everything you need for both a routine crossing (but still complex), and non-routine (eg. No HF, No HLA, No RVSM) ferry flight. Read the latest 2026 changes, easy to read guidance, sample flights, Flight Planning codes, ATC contact numbers, Diversion airports guide, VHF coverage, Oceanic Clearance vs RCL – all in one single guide.

**4. NAT Airspace Circle of Entry 2026/27:** clearer view of NAT HLA, DLM, surveillance areas, and where datalink is or isn't required.

**5**. **The OPSGROUP NAT Annual 2026:** This annual covers all the briefings we've sent to members about the NAT, including: Blue Spruce Routes have gone (but you can still fly them), FIRE on the NAT – Where to go in an Emergency, GPS Spoofed before the NAT?, FAA NAT plotting info, NAT contingency procedure 1-page guide, Gander Eastbound: Crew Brief & Checklist

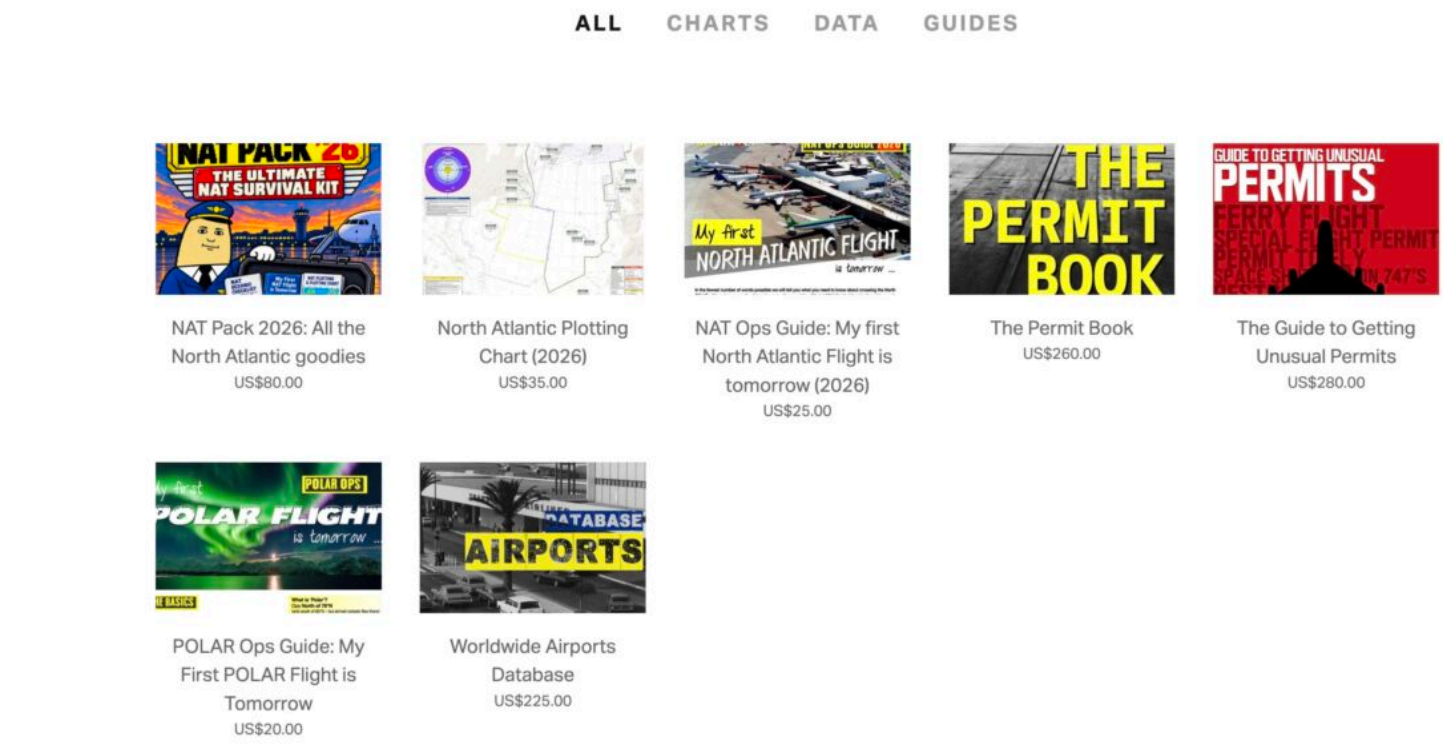

**6**. **NAT Library:** A current copy of NAT Doc 007, and the GOLD document.
