Hi Everyone,

It was another great OPSCHAT call this week hosted by Rebecca, with the help of returning quiz master Dave.

You can watch the full replay on your Member's Dashboard.

Here's a roundup of what we talked about:

The Big News

- **Sri Lanka** - A new VCCF Notam has been issued telling operators to tanker in fuel. A

domestic crisis there has led to widespread fuel shortages along with security issues. We talk about alternative options for fuel stops.

- **East China Sea** - Unverified footage emerged this week of a missile launch filmed from the flight deck of a commercial airliner. No official sources have released a statement. Real or not, we briefly touch upon the ongoing dispute in the region and what to look out for.
- **Canada** - Construction is causing delays at CYYZ/Toronto. But in better news, a new list of 47 smaller airports has been published which can now be used as a point of entry.
- **Bermuda** - A TCAS mandate is on the horizon for next year. Some aircraft will be exempt - we take a look at the specifics.
- **The NAT** - A military exercise will affect some tango routes on June 1 and 2 - keep an eye on the Notams if you're flying those tracks in the next 48 hours. **[NOW CANCELLED]**

Unsolved Mysteries

Bahamas: The new 'Click2Clear' system has left us scratching our heads. Does anyone have solid intel on who needs to use it, and who doesn't?

EU LISA: That old chestnut. We still don't have all the answers, but we've received a solid update, and discuss the latest we know.

OPSQUIZ

Dave was back to host this week's OPSQUIZ. Congrats to this week's winner, "Leroy". A juicy prize is on its way to you...
