

Greenland FIR to change its name

David Mumford

19 February, 2018

The BGGL/Sondrestrom FIR, that covers all of Greenland's airspace, is changing its name to the 'Nuuk' FIR, effective Mar 1.

This name change has come about following the reallocation, during autumn 2014, of the COM Centre, Rescue Coordination Centre and the Flight Information Centre from BGSF/Kangerlussuaq Airport (commonly referred to as Sondrestrom airport) to Greenland's capital, Nuuk.

So "Nuuk Information" is the new identification/radio callsign for the aeronautical station serving the Flight Information Centre in Greenland; whereas "Nuuk AFIS" will still get you through to the aerodrome flight information service at BGGH/Nuuk Airport.
