

Italy ATC strike on Oct 25

Notams have now been published advising of the planned **nationwide ATC strike on Friday Oct 25**.

The strike will happen between **13-17 local time** (11-15z), although it looks like the LIBB/Brindisi sector in the south-east of the country will run from 12-16 local time.

When these 4-hour strikes go ahead, overflights and “incoming intercontinental flights” (i.e. those from outside Europe) are normally **not significantly affected**, but there are often **big delays for flights**

to/from Italian airports.

LIRZ/Perugia airport has also announced a local ATC strike between 1300-1700 local time the same day. There may be more local airport-level ATC strikes announced in the coming days, so watch out for those too, as these are the airports which are **always worst affected** by delays.

You can see the full Notam for the nationwide strike [here](#). For updates, keep an eye on the Eurocontrol NOP page on the day of the strike. Eurocontrol will be hosting a teleconference with more info on what to expect, on Thursday 24th Oct at 1200z; you can dial in on +44 2071 928000, and punch in the conference ID number 1581056.
