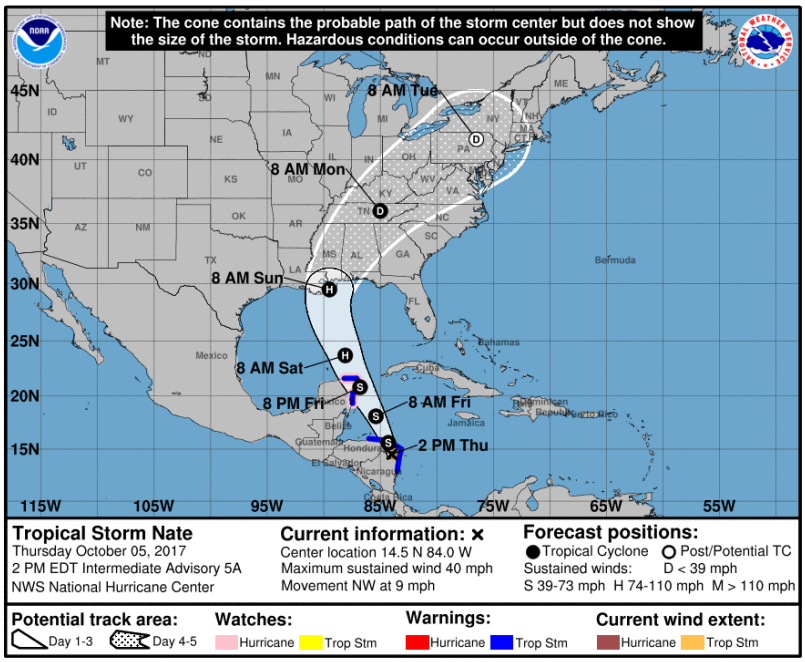
Tropical Storm Nate headed for U.S. Gulf Coast

David Mumford
5 October, 2017



Tropical Storm Nate is currently just off the northern coast of Nicaragua, moving NW at 8kts with sustained winds of 35kts.

It’s forecast to move on towards Louisiana over the weekend as a Cat 1 Hurricane.

Heavy rain expected across Nicaragua, Costa Rica, Panama, Honduras, Belize and Mexico’s Yucatan Peninsular.

No airport closures anywhere yet, but keep an eye on the forecast for MMUN/Cancun, as that’s directly in the path of the storm.
