Turkey suspends US Visas

Declan Selleck
10 October, 2017

Effective immediately Turkey has suspended all Visa services to US citizens. This includes both physical Visa and E-Visa.

- Any visa granted before 08OCT will stand until expiry of validity date.
- Any visa granted after 08OCT will be revoked.
- No new visa will be granted from now.

However, most operating crew will not be impacted. When listed on Gendec as Operating crew and you have a valid crew ID, you may stay up to 72hrs without visa.

We will update any changes here as and when known.
