

Updated FAA Oceanic Guides

David Mumford

26 July, 2022

The FAA has updated its resource guides for the three big oceanic areas of interest: the **North Atlantic**, the **Pacific**, and **WATRS** airspace (West Atlantic / Gulf Of Mexico / Caribbean). All three have been updated effective July, 2022.

These guides are a good starting point for understanding all the essentials of operating in these regions, and include links to all kinds of useful supplemental information around the main topics for each region.
