## HOW TO ENROL IN THE FAA PRIVACY PROGRAM

**Before you begin** - Is your aircraft ADS-B equipped, US-registered and using a third-party call sign?

Apply in five steps:

1. Obtain an initial ADS-B report (aka PAPER) [here](#).
2. Apply for the PIA program [here](#) (expect 10 day wait).
3. Email [adsbprivacyicao@faa.gov](mailto:adsbprivacyicao@faa.gov) with proof of your third- party flight ID provider.
4. Install your new PIA into your ADS-B transmitter.
5. Within 30 days, do another ADS-B report (using your new PIA). Verify it [here](#).

### **Whatever you do, don't:**

Use an unassigned PIA or one assigned to another aircraft.

Use your PIA outside of US-managed airspace.

Change your PIA during your flight.
