To whom it may concern,

Subject: Updated security procedures for General Aviation flights/Private jets departing to the TLV FIR.

Dear Sir/Madam,

The security procedures and protocols regarding General Aviation flights departing to the Israeli FIR have been amended and strengthened, due to the latest security threat assessment and recent events.

Please see the below clarifications:

Preferred carriers/aircrafts -

Carriers/aircrafts that operate frequent flights to TLV every year or/and aircraft owners that have close and strong connection to Israel, and/or employs permanent air crews that fly to TLV, can apply for the Preferred Carrier/Aircraft program by sending a request with all the details to the following email address:

Asoc-dvir@int.gov.il

US airports –

Every Carrier/aircraft that was approved according to ASOC security procedures can depart from all airports in the US while depended on a mandatory screening process performed, prior to departure, by one of the following private security companies approved by ASOC:
