

Dear Valued Customer

We have received the following information from London Luton Airport (LLA) and wanted to share this positive news with you.

### **Noise restriction measures commencing Summer 2025**

This year London Luton Airport has decided to remove the full ad-hoc movement ban between 1<sup>st</sup> June – 30<sup>th</sup> September and instead between 14<sup>th</sup> June – 17<sup>th</sup> September (23:00-06:59 hrs local) will be providing a pool of 100 movements for use by the ad-hoc operators (commercial operators, GA and maintenance flights). The QC restrictions listed below will be in place for these movements. This amendment will only be for this summer season due to the runway resurfacing works taking place later in the year.

- No new slot applications with an aircraft QC value greater than 0.5 will be permitted between 2300 – 0659 (Local) 1<sup>st</sup> June to 30<sup>th</sup> September
- Operators should make every effort to reduce their QC usage

London Luton Airport will continue to monitor the noise contours throughout the period, and should they see excessive delays into the night period by schedule movements (airline traffic), then they may need to remove the remainder of this pool to stay compliant. Similarly, they will monitor to see if there can be any further relaxation of these restrictions, if so, London Luton Airport will inform us at the earliest opportunity, and we will share this news on.

### **Runway closures for survey works pre the main resurfacing project starting in Nov 2025**

Please note the below runway closures to allow for survey work to be carried out prior to the actual runway resurfacing project taking place (times are in local) – please note that these dates are subject to change.

- Sunday 25<sup>th</sup> May 03:00 to 05:20
- Sunday 1<sup>st</sup> June 03:00 to 05:20
- Sunday 8<sup>th</sup> June 03:00 to 05:20
- Sunday 15<sup>th</sup> June 03:00 to 05:20
- Sunday 22<sup>nd</sup> June 03:00 to 05:20
- Sunday 29<sup>th</sup> June 03:00 to 05:20

Due to the nature of the work taking place, there will be no flexibility in timings and a zero-flow rate will be applied.

**Runway Resurfacing Works 3<sup>rd</sup> Nov 2025 to 27<sup>th</sup> March 2026**

Due to the runway resurfacing work that is being carried out through Nov 25 to Mar 26, there will be night closures as follows throughout this period:

- Monday to Friday 00:01 Local to 05:45 Local

This will be hard closure to allow for the runway to be handed over to the contractors at 00:01 local. We do not currently have the confirmed last arrival, or first departure time confirmed but this will be reflected in the slot's availability during this period.

A Christmas break is scheduled from December 19<sup>th</sup> 2025 to January 4<sup>th</sup> 2026

Should you have any questions on the above, please reach out to the following Signature Aviation Luton personnel.
